Sub: Proposal for reconstituting Standing Tripartite Committee – Regarding

Sir,

Kindly refer to the letter no. Y-12011/5/2010-ESA (LB) (Pt.) dated 22/7/2014 vide which names of members for the reconstitution of Standing Tripartite committee (STC hereinafter) along with its terms of reference has been requested. In this regard it is pertinent to note that the STC was constituted in pursuance of recommendations of the Index Review Committee (IRC hereafter), which was appointed to review the current CPI (IW) series for effecting overall improvements. IRC submitted its report in March, 2009 and its recommendations have been accepted.

Therefore, reconstitution of STC would require adherence to relevant recommendations of IRC which is summarized hereunder:

- (i) The Committee recommended that the consultation with various stakeholders should be there from the very beginning till the end of any survey. (Para 5.18.3)
- (ii) The Committee recommended that a Standing Tripartite Committee of all the stakeholders like Trade Unions', Employers Organisations', Central/State Government Departments, Women's Organisations and representatives from the newly emerging sectors need to be constituted. The proposed Committee should not be too large. (Para 5.18.4)
- (iii) This Standing Committee could consider and review all issues relating to conduct of Working Class Family Income & Expenditure Surveys and construction of new series of the Consumer Price Index Numbers periodically, say, every six months or sooner, if exigency so demands. (Para 5.18.5)
- (iv) The Standing Committee should guide the Government on the future course of action relating to consultation process as well. (Para 5.18.6)

With this in view the following composition for reconstitution of the STC is hereby proposed:

Chairman Principal Labour & Employment Advisor, M/O Labour & Employment
Member

- i. Two members representing Central Trade Unions'
- ii. Two members representing Employers' Organizations
- iii. Independent member (one)/Academic Representative (one)
- iv. Representative of Women's Organization
- v. State representatives (Three members)
- vi. Central Government Representatives (Three members)
- vii. M/O Labour & Employment (Two members)

While the terms of reference of STC as flowing from the recommendations of IRC and current status of base updation work is proposed as follows:

- i. To examine the various aspects of the base year revision of CPI (IW) including the sampling design, methodology for deriving the weighting diagram, index compilation and linking factor;
- ii. Examine the method of price collection procedures and machinery of price collection;
- iii. Examine the centre specific weighting diagrams for all the centres, selection of base year, compilation of base year prices, trial indices and
- iv. Consider any other relevant issue(s)/matter as may be necessary

With the composition and terms of reference of STC as aforementioned, the proposed names of the members are enclosed herewith (Annexure I). Secretarial assistance to the committee will be provided by the Labour Bureau.

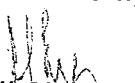

It is also requested to make provisions for sitting fees and conveyance allowance for non-official members @ Rs.2000/- per day and Rs. 500/- or actual fare whichever is less per day respectively.

Accordingly, you are kindly requested to get the STC reconstituted on the lines as aforementioned expeditiously.

This issues with the approval of Director General, Labour Bureau.

Sub: Reconstitution of Standing Tripartite Committee for New Series of CPI-IW-regarding

Sir,

This is regarding the reconstitution of Standing Tripartite Committee (STC) for New Series of CPI-IW.

It would be apposite to mention here that Index Review Committee headed by Prof. G.K. Chadha, inter-alia, had recommended consultation with various stakeholders from the very beginning to till the end of the series. In pursuance to this recommendation of IRC, a Standing Tripartite Committee was constituted by Ministry of Labour & Employment, to advice on issues relating to base year updation exercise of CPI-IW, vide its order no. Y-12011/5/2012-ESA (LB) dated 12.01.2011. The Committee held two meetings on 02.07.2013 and 24.02.2014 wherein the Selection of Centres, Coverage of Sectors and Sample size for CPI-IW New Series were approved. Subsequently, the Ministry dissolved the existing committee and decided to reconstitute the STC. The information sought by Ministry for reconstitution of STC has already been provided by this office letter of even no dated 08.08.014.

I would request you to kindly process the reconstitution of STC on priority basis so as to ensure active participation of the stakeholders.

Yours faithfully

Sub: Standing Tripartite Committee pertaining to Consumer Price Index Number of Industrial Workers, New Series - nomination regarding.

Sir/Madam,

As you may be aware that Labour Bureau which is an attached office of the Ministry of Labour and Employment, Government of India is compiling and maintaining Consumer Price Index Numbers for Industrial Workers. These indices serve as an important indicator of retail price situation in the country and are utilized for regulation of wages and dearness allowance (DA) of millions of workers and employees in the country. These Consumer Price Indices measure the changes overtime in the level of retail prices of a fixed set of goods and services consumed by an average working class family in a given area with reference to a base year.

The current series of index is on the base year 2001=100 which was introduced with effect from January, 2006. Labour Bureau is now in the process of updating the existing series of CPI-IW to a more recent base which would cover 88 centres all over India.

In order to advise the Government on matters arising out of issues pertaining to Consumer Price Index Numbers for Industrial Workers the Ministry of Labour and Employment has constituted a Standing Tripartite vide order no. Y-12011/5/2010-ESA(LB) dated 23.12.2015 (copy attached).

Sub: Standing Tripartite Committee pertaining to Consumer Price Index Number of Industrial Workers, New Series - nomination regarding.

Sir/Madam,

As you may be aware that Labour Bureau which is an attached office of the Ministry of Labour and Employment, Government of India is compiling and maintaining Consumer Price Index Numbers for Industrial Workers. These indices serve as an important indicator of retail price situation in the country and are utilized for regulation of wages and dearness allowance (DA) of millions of workers and employees in the country. These Consumer Price Indices measure the changes overtime in the level of retail prices of a fixed set of goods and services consumed by an average working class family in a given area with reference to a base year.

The current series of index is on the base year 2001=100 which was introduced with effect from January, 2006. Labour Bureau is now in the process of updating the existing series of CPI-IW to a more recent base which would cover 88 centres all over India.

In order to advise the Government on matters arising out of issues pertaining to Consumer Price Index Numbers for Industrial Workers the Ministry of Labour and Employment has constituted a Standing Tripartite vide order no. Y-12011/5/2010-ESA(LB) dated 23.12.2015 (copy attached).

Since your Organization/ Department has a vast experience in the field of Index Numbers, the ministry has proposed your representation in the said committee.

It is, therefore, kindly requested to nominate one officer/ official from your side so as to represent your esteemed Organization/ Department in the newly constituted Standing Tripartite Committee as per the *performa* enclosed herewith.

An early reply in this matter will be highly appreciated.

Encl: As above.

Yours faithfully,

A Brief Note on Consumer Price Index Numbers for Industrial Workers (CPI-IW) (base: 2016=100)

The Consumer Price Index Numbers for Industrial Workers (CPI-IW) in India are compiled and disseminated by the Labour Bureau of the Government of India since its inception on a monthly basis. CPI Numbers for Industrial Workers (CPI-IW) measure changes in the retail prices of fixed basket of goods and services being consumed by an average working class family.

Utility of CPI-IW :

The Consumer Price Index (CPI) Numbers for the working class are of immense utility and serve as important economic indicator of the changing economic situation in the country. Apart from serving as a guide for policy formulations, these index numbers are utilized for fixing/revising wages, regulating the dearness allowances paid to thousands of manual workers and other Central/State Govt. employees.

Background of CPI-IW series:

The CPI-IW series on scientific lines was first introduced with base 1960=100 worked out on the basis of the results of Family Living Survey conducted in 1958-59 at 50 industrially important centres. The series was then updated to base 1982=100 and further to 2001=100. The ongoing series of CPI-IW is with base year 2001=100 covering 78 centres spread across the country.

Need for Base Updation:

The consumption pattern of the working class population undergoes change over a period of time and therefore, it becomes necessary that the consumption basket is updated from time to time to account for these changes and thus to maintain the representative character of the index. The need for frequent revision of base on account of fast changing consumption pattern of the target group has been recommended by International Labour Organization, National Statistical Commission, National Commission on Labour and Technical Advisory Committee on Statistics of Prices and Cost of Living. Also this recommendation was strongly reiterated by the Index Review Committee set up under the Chairmanship of Prof. Chadha which inter-alia stated that the intervening gap between the two series should not exceed 10 years. Labour Bureau accordingly, has initiated the process to revise the base year of the existing CPI-IW series 2001=100 to a more recent base year preferably, 2016=100.

Scope and Coverage:

The existing series of CPI IW covers the workers belonging to seven sectors, namely, Factories, Mines, Plantations, Railways, Public Motor Transport Undertakings, Electricity Generating & Distributing Establishments and Port & Docks at 78 selected centres. The new series of CPI IW would also cover the workers of

97

these seven sectors at the 88 selected centres. Besides, two additional sectors namely, Construction and Handloom Sectors would be covered in two centres each on pilot/experimental basis. Guwahati and Salem centres would cover workers belonging to Handloom Sector and Mumbai and Ghaziabad/G.B.Nagar would cover workers belonging to Construction Sector in addition to the selected seven sectors. The sample size of the Working Class Family Income & Expenditure Survey, 2016 is 48,384 Sch 'A' and 18816 Sch'B1' as compared to 41040 Sch 'A' and 15960 Sch'B1' in the previous Survey of 1999-2000. The ongoing (2001=100) series comprises of a basket of about 370 items and 289 price collection markets spread across 78 centres of the country. The new series shall comprise a larger number of items in the Index basket and 317 markets at the selected 88 centres. The list of Centres to be covered under the survey is annexed. The new series will cover 88 industrially important centres of the country as against 78 centres in the ongoing (2001=100) series.

Consultation with the Stakeholders:

i) Standing Tripartite Committee (STC):

The Index Review Committee headed by Prof. G. K. Chadha recommended to involve various stakeholders i.e. Trade Unions, Employer's Organisations as well as Women's Organisations, NGO's, Academia etc. in the preparation of new series of CPI IW. Accordingly, a Standing Tripartite Committee (STC) was constituted vide Order No. Y-12011/5/2010-ESA (LB) dated 12th January 2011 by the M/o Labour & Employment under the chairmanship of Principal Labour & Employment Advisor to examine various aspects of the base year revision of CPI-IW Numbers including the selection of centres, sample size, sample design, methodology for deriving the weighting diagram and linking factor. The Terms of Reference of the Standing Tripartite Committee (STC) formed are as follows:

The Standing Tripartite Committee will;

{i} examine the various aspects of the base year revision of Consumer Price Index Number Series for Industrial Workers {CPI-IW} including the selection of Centres, sample size, sampling design, methodology for deriving the weighting diagram and linking factor;

{ii} examine the method of price collection procedures and machinery of price collection;

{iii} examine the centre specific weighting diagrams for all the centres, selection of base year, compilation of base year prices, trial indices; and

{iv} consider any other relevant issue{s}/matter as may be necessary.

The committee met twice to discuss the issues related to the base updation of CPI IW:

The first meeting of the Standing Tripartite Committee to discuss the coverage of sectors and selection of centres was held at New Delhi on 2nd July, 2013. The 2nd meeting of Standing Tripartite Committee to discuss the Sample size for Working Class Family Income and Expenditure Survey 2016 was held at New Delhi on 24th February, 2014.

ii) Index Users' Meetings:

In order to widen the sphere of consultations with the Trade Unions, Employers Associations and State Govt. Departments in the base updation of CPI IW, Index Users' meetings were held at Mumbai on 04-03-2014, Chennai on 12-04-2014, Kolkata on 26-05-2014 and Shillong on 1-12-2014 so as to sensitise various stakeholders of CPI IW and to acquire their inputs for incorporation in base updation.

iii) Consultations during Market Survey:

The market survey for selection of markets, shops and listing of items along with their specifications, fixation of price collection days was completed by Labour Bureau in consultation with the local Centre level representatives of workers unions , employers organisations, NGO's, women's organisations & State/ UT Govt. representatives.

Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL):

The TAC on SPCL which is the highest decision making body of technical experts on the subject includes the representatives of trade unions. The Ministry of Statistics & Programme Implementation on request of Labour Bureau vide their office memorandum No. M-11011/4/2012-NAD (PCI), dated 14th February, 2013 has constituted a Group of TAC on SPCL to examine all the technical issues of the base updation of CPI IW. The 1st meeting of the Group was held under the Chairmanship of Director General, NSSO at New Delhi on 22nd Oct., 2013. The Group in its 1st meeting deliberated upon and approved the coverage of sectors and the selection of Centres for the new series. The 2nd meeting of Group of TAC on SPCL was held on 26th June, 2014 wherein Sample Size for Working Class Family Income & Expenditure Survey (WCFI &ES) was approved. The 3rd meeting of Group of TAC on SPCL was held on 15th Sept., 2014 wherein Schedules & Manuals' of Instructions to be used for Preliminary & Main Survey of Working Class Family Income & Expenditure Survey (WCFI &ES) were approved.

The Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL) in its 51st meeting held on 23rd Sept., 2014 considered and approved all the above issues approved by the Group of TAC on SPCL.

National Statistical Commission:

The issues relating to the base updation of CPI IW approved by the TAC on SPCL were considered and approved by the National Statistical Commission in its 72nd meeting held on 26th Nov., 2014.

Current Status

- The Price Collection Machinery has been set up. Regular collection, supervision and inspection of price data is in progress.
- The main Working Class Family Income &Expenditure Survey launched through NSSO in January, 2016 and will be completed in December, 2016
- The scrutiny by Labour Bureau and processing of data by National Institute of Electronics and Information Technology (NIELIT) is in progress.

Road Map for the further development of the New Series –

- The processing of Data is targeted to be completed by end of June, 2017.
- Subsequent to this, indices for one year will be compiled both for the existing and new series to arrive at the linking factors of the two series.
- On completion of these activities, new series will be placed before STC,TAC and NSC for technical approvals.
- Finally this New Series will be placed before National Tripartite Forum represented by Apex Level Trade Union Leaders, Employers Associations Representatives and State Representatives both from Central Ministries as well as States.
- On approval by the Tripartite Committee the index with new base will formally be released.

NOTE

Subject: For Seeking Financial Sanction from Secretary, L & E for Serving Tea/Snacks and Working Lunch during the Meeting of Standing Tripartite Committee (STC) pertaining to Consumer Price Index for Industrial Workers (CPI-IW) New Series-reg.

A meeting of STC has been scheduled to be held on 27th February, 2020 at 11:00 AM in the Committee Room, Labour Bureau Shimla. Dr. B.N. Nanda, Principal Labour and Employment Adviser (PLEA) will chair this meeting (copy enclosed). This meeting will be attended by representatives from Trade/Workers' Unions, Employers Organizations, Women's Organizations and different Academicians. Besides, Representatives from Central and State Governments alongwith Ministry of Labour and Employment will also participate in this Meeting. The total number of participants in the meeting will be 45 including officers from Labour Bureau, Chandigarh and Shimla.

As per the agenda of the meeting, Labour Bureau will present newly constructed indices and weighting diagrams pertaining to CPI-IW (New Series) as approved by Technical Advisory Committee (TAC) on Statistics of Prices and Cost of Living (SPCL) with a Base: 2016=100.

Labour Bureau will also look after the arrangements for serving Tea/Snacks and Working Lunch to all the participants. Therefore, the necessary financial sanction of the Secretary, Labour and Employment, New Delhi may kindly be obtained as per the following details:

| Date of Meeting | Number of Participants | Head | Rate | Total Expenditure |
|--|------------------------|------------------------------------|--|-------------------|
| 27.02.2020 | 45 | Working Lunch | Rs. 750/- Per Person | Rs.33750/- |
| | | Tea/Snacks | 200/- Per Person (To be Served Twice) | Rs.18000/- |
| | | Total Financial implication | | Rs.51750/- |
| Rupees Fifty One Thousand, Seven Hundred and Fifty Only | | | | |

This issues with the approval of Director General, Labour Bureau.

New Delhi dated 23 December, 2015

To
The Director General
Labour Bureau
SCO 28-30, Sector 17/A
Chandigarh-160017.

~~Constituted G.
S. 1.16~~
Subject: Constitution of Standing Tripartite Committee pertaining to Consumer Price Index Number of Industrial Workers, New Series - reg.

~~Dir (FLS)~~ Sir,
I am directed to forward herewith a copy of an Order dated 23/12/2015 relating to Constitution of Standing Tripartite Committee pertaining to Consumer Price Index Number of Industrial Workers, New Series.

2. Labour Bureau is requested to seek nominations from the concerned Departments/Organizations/CTUs and send the same to the Ministry for incorporation of the same in the Order.

Yours faithfully

Nisha Gaur
(Nisha Gaur)
Under Secretary to the Govt. of India

EO (Md. Alam Ansari)

RECORDED
RECEIVED
4/1/2016

No. Y-12011/5/2010-ESA(LB)
Government of India
Ministry of Labour and Employment

Shram Shakti Bhawan, Rafi Marg
New Delhi dated 23 December, 2015

ORDER

The Government hereby constitutes a Standing Tripartite Committee, to advise the Government on matters arising out of issues pertaining to Consumer Price Index Numbers for Industrial Workers (CPI-IW) New Series (Base:2011) with the following composition and Terms of Reference:-

A Composition

1. Principal Labour & Employment Adviser
Ministry of Labour & Employment
Shramshakti Bhawan, Rafi Marg,
New Delhi Chairman

✓ III. Central Trade Unions/Workers Representatives (Two)

- ✓ 2. General Secretary, Bhartiya Mazdoor Sangh (BMS)
27, Deendayal Upadhyay Marg,
New Delhi-110002 Member
- ✓ 3. Indian National Trade Union Congress (INTUC)
"Shramik Kendra", 4, Bhai Veer Singh Marg
New Delhi-110001 Member

✓ II. Employers' Organizations (Two)

- ✓ 4. Confederation of Indian Industry
The Mantosh Sondhi Centre
23, Institutional Area, Lodhi Road
New Delhi. Member
- ✓ 5. Federation of Indian Chamber of Commerce
Industry, Federation House
Tansen Marg, New Delhi-110001 Member

✓ III. Independent Member (One)/Academic Representative (One)

- ✓ 6. Shri T.Krishna Murthy
House No.1-2-56/74, Domalguda,
Hyderabad-500029 Member

- ✓ 7. Institute of Economic Growth, Delhi Member

IV. Women's Organization/Women's representative (One)

- ✓ 8. Smt.Mantri Kalavathy,
R/o H.No.6-637/3, Kavadiguda,
Secunderabad, Telangana-500080 Member

Cont/-

V. State Representatives (Four)

- | | | |
|-----|---|--------|
| 9. | Additional Chief Secretary Planning Economics and Statistics Department Govt. of Madhya Pradesh Vidhyanchal Bhavan, Bhopal | Member |
| 10. | Principal Secretary, Planning Programme Monitoring and Statistics Department, Govt. of Karnataka M.S, Building Bangalore-560001 | Member |
| 11. | Secretary, Department of Statistics and Programme Implementation, Govt. of West Bengal, 4 th and 5 th Floor, Joint Administrative Building HC-7, Bidhan Nagar, Kolkata -700106 | Member |
| 12. | Principal Secretary (Planning) General Administration Department, Govt. of Gujarat Sachivalaya, Gandhinagar. | Member |

VI. Central Government Representatives (Three)

- | | | |

| 17. | Deputy Director General (ESA) Ministry of Labour & Employment Shram Shakti Bhawan, New Delhi. | Member |
| 18. | Deputy Director General (Employment) Directorate General of Employment & Training Ministry of Labour & Employment Shram Shakti Bhawan, New Delhi. | Member |

Cont/--

B. Terms of Reference

1. The Standing Tripartite Committee will

- (v) To examine the various aspects of the base year revision of CPI(IW) including the sampling design, methodology for deriving the weighting diagram, index compilation and linking factor;
- (vi) Examine the method of price collection procedures and machinery of price collection;
- (vii) Examine the centre specific weighting diagrams for all the centres, selection of base year, compilation of base year prices, trial indices and
- (viii) Consider any other relevant issue(s)/matter as may be necessary.

2. Secretarial assistance to the Standing Tripartite Committee will be provided by the Labour Bureau. The committee may also enlist the assistance of subject matter experts within and/ or outside the Government and may co-opt members according to necessity.

3. The expenditure on TA/DA in respect of the official members for attending the meetings of the Committee will be borne by their respective Ministries/Departments/Organizations.

4. The expenditure on account of payment of TA/DA to the non-official members will be met out of the budget provision under the Plan Scheme "Labour and Employment Statistical System" of Labour Bureau.

5. Payment of TA/DA to non Official members will be regulated as per the provisions contained in the Office Memorandum No. 19020/1/89-E.IV dated 23rd June, 1986 of the Department of Expenditure, Ministry of Finance, as amended from time to time.

MINUTES OF THE FIRST MEETING OF STANDING TRIPARTITE COMMITTEE ON BASE REVISION OF CONSUMER PRICE INDEX NUMBERS

First meeting of the Standing Tripartite Committee (STC) on Base Revision of Consumer Price Index Numbers for Industrial Workers (CPI-IW) was held in Shram Shakti Bhavan, New Delhi on 2nd July, 2013. It was chaired by Sh. P.K.Padhy, Principal Labour & Employment Advisor, Ministry of Labour & Employment. List of participants is annexed.

After welcoming the participants in the first meeting of STC, the Chairman briefly dwelled upon background of the CPI Base Revision exercise, its utility; stages involved in it, etc. and invited the participants to make their valuable suggestions on the agenda items.

Thereafter, Sh. Daljeet Singh, Director General, Labour Bureau informed the participants that at the time of releasing the current series of Consumer Price Index Numbers for Industrial Workers (CPI-IW), on request of the stakeholders, Ministry of Labour & Employment had assured to put a system in place to ensure their participation at every level of next such exercise to be undertaken by Labour Bureau. Accordingly, the present Standing Tripartite Committee has been constituted by the Ministry to ensure active participation of stakeholders at all levels of the activity. He inter-alia briefed the participants about the CPI base revision exercises undertaken by Labour Bureau in the past, basic principles followed in such exercises, steps involved in them, agenda items of the present meeting, procedure followed for arriving at coverage of sectors and selection of Centers, latest Index Review Committee recommendations regarding coverage of sectors and selection of Centers, etc. While soliciting their valuable inputs in finalization of Sectors and Centers to be covered, Shri Singh requested the members to keep their suggestions specific to these agenda items of the first meeting.

This was followed by a detailed presentation made by Sh. Sunil Chaudhary, Director, Labour Bureau, during which details on background and uses of CPI-IW, desirable frequency of base revision, IRC recommendations, feasibility study undertaken by Labour Bureau and likely issues on inclusion of handloom and construction Sectors for coverage in new series of CPI-IW, proposed coverage of centers drawn in consultation with respective States/UTs, etc. were shared with the participants of the meeting.

Thereafter Director General, Labour Bureau handed over the floor to the house for deliberations on the agenda items. Detailed deliberations held and decisions taken in the meeting are listed below:

Selection of Centers

- i) Sh. V.K. Sharma, Working President, INTUC (Chhattisgarh branch) was of the opinion that Raigarh and Korba in Chhattisgarh are fast upcoming centers in terms of employment and may be considered for coverage in the new CPI-IW series in addition to Bhilai, Koriya and Raipur already proposed for coverage by Labour Bureau. Director General, Labour Bureau clarified that following the laid down procedure of allocation of total centres among the States/UTs in proportion to their working class population, the Chhattisgarh State has already been allocated its share of 3 centres and selected centers are in consultation with the State. As such, additional allocation of center (s) to the State is not feasible. He, however, mentioned that replacement of the center (s) proposed by Labour Bureau by the center (s) suggested by Sh. Sharma could be considered and assured that Labour Bureau will hold further consultations with the State to replace the existing Center (s) with the centers suggested by Sh. Sharma.
- ii) Commenting on the selection of Centers for Maharashtra State, Sh. S.S. Paranjpe of Bharatiya Mazdoor Sangh stated that while 3 centers (Mumbai, Thane and Taloja-Raigad) represent Konkan region, 1 center (Pune) represents Western Maharashtra region and 1 center (Nagpur) represents Vidarbha region; the khandesh region gets unrepresented with the exclusion of Nashik center, and Marathwada region is also not represented. For balanced regional coverage in the State, Sh. Paranjpe suggested that Nashik center, which has significant employment in the sectors proposed for coverage may be considered for coverage under the new series.

Sh Vilas Kumar Kesavdas Buwa, Dy. Labour Commissioner representing Government of Maharashtra agreed to the suggestion of Sh. Paranjpe. He further stated that Sholapur center of the existing series, which has been proposed for exclusion from the new series, may be retained.

Sh. D.S. Kolamkar, Senior Advisor, Deptt. Of Economic Affairs, Ministry of Finance suggested that keeping in view the significantly large employment in the State, especially in the Ports & Docks sector, Maharashtra state could be considered for allocation of an additional center by allowing one-time relaxation of the cap of 5

centers in a Sector in a State. Sh. Paranjpe of BMS also held the same view. This was largely supported by the members of the committee.

Considering the feelings of respected members in the matter, it was decided that the suggestion will be considered in consultation with TAC on SPCL and if approved the following 6 centers will be taken up for coverage in Maharashtra:

- Mumbai
- Thane
- Pune
- Nagpur
- Nashik
- Sholapur

iii) Sh. G.K. Lath, Chartered Accountant, felt that better representation of selected sectors could be attained by regrouping the sectors in more than 3 groups proposed by Labour Bureau for allocation of centers. Director General, Labour Bureau commented that following the procedure approved by the TAC on SPCL for last base revision exercise, the exercise of allocation of centers among sectors/sector group is already over and list of actual centers has been drawn in consultation with respective States/UTs. As the consultation process is a time consuming activity, it may not be desirable to regroup the sectors at this stage. He, however, stated that Sh. Lath's suggestion could be considered in the next base revision exercise.

Commenting on the list of U.P State centers drawn by Labour Bureau in consultation with the State Government, Sh. Lath stated that Varanasi center with around 6000 employment in selected sectors does not deserve inclusion in the list. As a remedy to such situations, he suggested that some minimum employment criterion, say 20000, may be laid down for becoming a center eligible for coverage.

Director General, Labour Bureau assured that the matter of inclusion of Varanasi in the list of centers will appropriately be taken up with the respective State Government.

Subject to consideration of above observations, the selection of centers as proposed by Labour Bureau was approved by the committee. It was, however, felt that, if necessary, total number of centers for the new series can go up to 90.

Coverage of sectors

- i) The following issues involved in extending the coverage of new CPI-IW series to the Construction and Handloom sectors were reiterated by Labour Bureau:

Construction

- En-block moving of workers on project completion- Causing serious limitations in conduct of WCFI&ES
- Large seasonal variations in number of workers engaged-resulting in seasonal variations in consumption expenditure data-may distort weighting diagram
- Considerably short life span of construction projects in comparison to life span of CPI-IW series.
- Frequently moving/shifting of reference population may necessitate frequent changes in representative markets and outlets -inducing severe bias in indices.

While deliberating on the issue, Sh. G.K. Lath, Chartered Accountant, felt that considering the employment size of the sector, construction sector may still be considered for coverage. He also suggested covering service sector such as Hotel industry, education, etc.

Sh. T.K. Basu , Dy. Director General, Ministry of Labour & Employment suggested to explore coverage of I.T. sector.

Director general, Labour Bureau clarified that service sector could be taken care of at the time of derivation of Weighting Diagram and setting up of Price Collection Machinery.

Ms. Pratibha Pandya, Senior Co-ordinator, SEWA suggested that despite issues involved in its coverage, the construction sector merits coverage as the workers in the sector are at great

disadvantage vis-à-vis other sector workers. She suggested exploring some mechanism for coverage of this sector. In response to the request of Dy. Director General, Ministry of Labour & Employment to suggest some mechanism, Ms. Pandya assured to send a note in the matter.

Sh. V.K. Sharma of INTUC also felt that construction sector may be covered.

Sh. M.L. Sharma, Economic Advisor, Government of Punjab suggested to study international practices in coverage of construction sector.

Sh. Kamleshwar Ojha, Dy. Director General, C.S.O. felt that considering the technical issues involved in coverage of additional sectors, we may agree to the proposal of Labour Bureau to restrict the coverage to existing 7 sectors.

In his written response, Sh. S.S. Paranjpe of BMS has appreciated various difficulties Labour Bureau envisages to encounter in coverage of Construction sector. Considering huge employment in this sector, Sh. Paranjpe still felt that the sector deserves coverage under CPI-IW. However, keeping in view the fact that time involved in exploring further feasibility of coverage of construction sector at this stage will be significant and will delay the whole exercise of base revision to a large extent, Sh. Paranjpe suggested that such feasibility may be undertaken by Labour Bureau in the intervening period of the current and the subsequent base revision exercises.

Handloom

- No sector-specific legislation
- Serious limitations in uniquely identifying sector workers
- Scattered and predominantly household based handloom units would pose difficulties in identifying Center boundaries for conduct of WCFI&ES and
- For selection of dwellings for computing House Rent Index

Sh. S.S. Paranjpe of Bhartiya Mazdoor Sangh felt that though there is no sector specific legislation in respect of Handloom sector, the sector workers are covered under the Minimum Wages Act: He accordingly suggested covering the sector.

However, Shri S. S. Paranjape in his additional observation/ suggestions on coverage of sectors and selection of Centres for new series of CPI-IW dated 16th July, 2013 has now suggested to cover Handloom and Construction Sectors in two or three Centres on pilot basis. Therefore, in view of the above suggestions, **Labour Bureau shall cover both Construction and Handloom sector on a pilot basis. Two-three centres from each Handloom & Construction sector shall**

be covered separately and shall not form part of All India series. The expertise gained during the pilot exercise will facilitate decision making for inclusion of these two sectors in the subsequent series. This was agreed by all.

The meeting ended with a vote of thanks to the chair.

Minutes of the second meeting of the Standing Tripartite Committee held on 24th February, 2014.

Second meeting of the Standing Tripartite Committee (hereinafter STC) was held on 24th February, 2014 under the Chairmanship of Shri P. P. Mitra, Principal Labour and Employment Advisor, Ministry of Labour and Employment, New Delhi. List of the participants is annexed herewith.

The agenda for the meeting was to ascertain the sample size for the proposed Working Class Family Income & Expenditure Survey (WCFI&ES) and consider the request of State government of Karnataka for intra-sectoral replacement of Gulbarga by the Chikmagalur centre.

At the outset Chairman welcomed the participants and briefly described the twofold agenda issues, as aforementioned, for consideration of the committee. Thereafter, DG, Labour Bureau apprised the Committee about the genesis of base updation exercise. It was informed that the first meeting of STC was held on 2nd July, 2013 wherein the issues relating to scope and coverage of new series were considered. The STC in its first meeting had approved the coverage of existing seven sectors viz. Factories, Mines, Plantations, Ports and Docks, Motor Transport Undertakings, Electricity Generating and Distributing Establishments and Railways for compilation of all India series on proposed base 2015=100. In addition two more sectors; construction and handloom; will be covered on pilot basis. Four centres; Guwahati, Salem, Mumbai, Ghaziabad/G.B. Nagar; have been identified for the purpose. The STC approved selection of 88 centres for all India coverage. It was also reported that the Group of Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL) in its first meeting held on 22nd October, 2013 has also concurred to the scope & coverage of the new series as approved by the STC.

It was also explained that sample sizes for the proposed survey have been worked out on the basis of variability in consumption pattern in respect of each centre. For the purpose, coefficient of variation (CV hereinafter) estimates of CPI (IW) indices have been obtained for a given month in a centre and average CV's for 36 months (January, 2010 to December, 2012) have been computed. The centres where average CV is less than or equals the precision of 2% as envisaged for the new series; the sample size of previous survey is retained. In case the average value of 36 months CV was greater than 2, then the sample size was determined by multiplying sample size of previous

WCFI&E surveys by $(CV)^2/4$ restricting it to twofold of previous survey. For the fresh survey across 88 centres, a sample coverage of 48,384 working class families plus 864 working class families as additional coverage for handloom and construction sectors is proposed, as against the sample size of 41,040 working class families in 78 centres during 1999-2000 surveys.

Thereafter, a detailed presentation was made by Sri Sunil Chaudhary, Director, Labour Bureau on the agenda issues. The background to determine the sample size was explained in detail in the light of existing practices and Chadha Committee, formally the Index Review Committee (IRC) recommendations. It was reported that the existing procedure being followed in determination of centre-wise sample size is based on the methodology duly approved by the TAC on SPCL and subsequently reviewed and endorsed by the IRC. Attention was also drawn to the fact that the coverage of states has been increased from 24 to 27 with the addition of new centres from each of the states of Uttarakhand, Meghalaya and Union Territory of Dadra & Nagar Haveli.

Subsequent to the detailed presentation, Chairman invited views, suggestions and comments from the participants on the agenda items. After detailed discussions, it has been emerged as following:

Shri G.K. Lath, member, STC, observed that in respect of Ghaziabad/G.B. Nagar centre, the proposed sample size is enhanced to 432 as against the required sample size of 225 and opined that the same may be kept at 216 in view of the marginal increase due to variability. The Director General, Labour Bureau explained that in case of centres where the average CV has crossed 2% level, the sample size in almost all the centres have been rounded upward to the nearest multiple of 216, according to envisaged equitable work load per investigator, restricting it to double the sample size of previous surveys. Further, in view of the procedure followed and the extended coverage with the inclusion of GB Nagar in Ghaziabad centre, the STC members expressed the view that proposed sample size is appropriate.

The Chairman desired to know about the new centres to be covered in the proposed survey. Accordingly, it was informed that there are 23 new centres while 65 centres are common with previous series. It was also informed in the meeting that 13 centres from the previous series have been dropped. The main reason for dropping a centre is relatively lesser employment share in the sectors covered at that particular centre in comparison to other centres of the respective State.

Ms. Shweta, Assistant Advisor, representing Sh. D.S. Kolamkar, Senior Advisor, Ministry of Finance desired to know the basis of inclusion of new centres. It was explained that employment is the main criteria on the basis of which a centre from any state is included in the list of centres to be covered at all-India level. The new centres generally have higher employment share in the sectors covered and thus are emerging industrial centres. The final selection of any centre is done after consultations with the concerned state government.

Shri M.L. Sharma, Economic Advisor to Govt. of Punjab expressed his views on the high variability observed in Amritsar, as average CV in Amritsar is 3.89 as against 0.39 average CV in Ludhiana and 1.46 average CV in Jalandhar. It was explained that these are figures arrived at on the basis of results thrown up by the compilations undertaken by Labour Bureau and thoroughly checked by the officers of Labour Bureau. The factors for the variability could be manifold. Amritsar being a tourist centre could be one of the reasons for higher variability.

The Chairman emphasized on the need of obtaining reliable results from the survey without any compromise in case of any deviation from the IRC recommendation of maintaining sampling fraction of 1%. It was explained that IRC has made two recommendations one to adopt the existing methodology primarily based on working out CV's with the help of data available from the previous surveys and second to take around 1% sample size to give adequate representation. In case 1% sample size is taken, the total sample size for 88 centres would at least be more than 82,000, almost double of previous survey sample size of 41,040. Moreover, it may go up to approximately one lakh in case upward adjustment in multiples of 216 is done in respect of each centre. The coverage of enormous sample size may not be feasible from the point of view of practical application (resources, time constraints, manageability etc.). It was also reiterated that for a given precision level the estimation of sample size doesn't depend on the size of the target population and on such a scale it may be difficult to circumvent the proliferation of non sampling error. Furthermore, the existing methodology had the approval of TAC on SPCL. Also, the existing methodology takes into account the desirability of maintaining the envisaged precision level for the survey. It is therefore expected that the proposed sample sizes would provide reliable results.

It was also reported that following the existing methodology in 29 centres the proposed sample size, however, conforms to the requirement of

sampling fraction of around 1%. It was also pointed that only for 29 centres the proposed sample size falls below the sampling fraction of 0.5% while for remaining centres it is more than 0.5%. It was also apprised that the proposed sample size is approximately 17% increase in the sample coverage and corresponds to almost identical increase of 15% in the employment size in the existing seven sectors as observed from the previous survey.

Smt. P.R. Ananthalakshmi, Additional Director, Department of Economics & Statistics, Govt. of Tamil Nadu explained that in case the population is heterogeneous then only a higher sample size is desirable otherwise in a homogenous population a smaller sample size is sufficient. She expressed the view that the methodology thus followed for estimation of sample size is perfectly statistically robust and the results are quite appropriate.

Shri S.S. Paranjape, General Secretary, Bhartiya Mazdoor Sangh, a member of STC, referring to his email, enquired about the normal standard of confidence level, confidence interval and standard deviation adopted by the Labour Bureau in determination of sample size. It was explained that using standard deviation one can build a confidence interval around the estimate by using an appropriate confidence level of choice. It was also informed that the Labour Bureau has followed the robust statistical principles & international best practices for computation of sample size. The procedure adopted by Labour Bureau had the approval of TAC on SPCL and has been endorsed by IRC for the new series.

Sh. E. Dasarathan, Deputy Director General, Central Statistical Office, endorsed that the sample size worked out on the basis of methodology approved by TAC on SPCL is correct.

All the members expressed their agreement to the samples sizes worked out by Labour Bureau for all the 88 centres. The Members also agreed to take 216 as additional sample size for 2 centres each in case of additional 2 sectors of Construction and Handloom.

Thereafter, the additional agenda for intra-sectoral replacement of Gulbarga by Chikmagalur centre for the state of Karnataka was taken up. In view of the state Govt. reporting substantial employment in plantations at Chikmagalur in comparison to Gulbarga and Mr. Paranjape supporting the view that plantation workers are significant at Chikmagalur, as he himself has visited the place, the Committee members agreed for the replacement.

In view of the agreement by all the members, the committee approved both the agenda items of second STC meeting.

The Director General also requested that all the members may send their comments, if any on the minutes within ten days so that the matter could be placed before TAC on SPCL at the earliest possible.

The meeting ended with a vote of thanks to the chair.

Annexure

**List of Participants attended Second Meeting of
Standing Tripartite Committee(STC)
on 24.02.2014 at M/o Labour & Employment, New Delhi**

| Sl. No. | Name | Designation |

Subject: Minutes of the 67th Meeting of Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL)

The 67th Meeting of TAC on SPCL was held under the Chairmanship of Director General (ES), CSO, MoSPI on 28th January, 2020 at 11:00 hrs in the Conference Hall, Ground Floor, Sardar Patel Bhavan, New Delhi-110001. The list of participants is given at the Annexure-I.

2. At the outset, DG (ES), CSO welcomed all the participants and briefed the objective of the meeting. He informed that the basic objectives of this meeting are: (i) to discuss the technical & methodological aspects of newly developed National Coal Index by Ministry of Coal and (ii) to review the progress made by Labour Bureau on recommendations of 66th meeting of TAC on SPCL regarding Base Year revision of CPI -IW.

National Coal Index:

3. Chairman requested one of the representatives of Ministry of Coal to make a brief presentation before the Committee about newly developed National Coal Index. On behalf of Ministry of Coal, Prof. Debasis Sengupta, ISI Kolkata and Prof. Nachiketa Chattopadhyay, ISI Kolkata made a detailed presentation and explained the following technical & methodological aspects of the National Coal Index:

- a. Background of National Coal Index
- b. Purpose and Scope of the Index
- c. Recommendations of the High Powered Committee
- d. Structure of Coal Market in India
- e. Source of volume/value data for derivation of Weights
- f. Availability of Price/Unit Value data for monthly compilation of Index.
- g. Index compilation method/formula
- h. Comparison of trial National Coal index with other similar Indices.

- i. Dissemination plan of National Coal Index
 - j. Future course of actions
4. The TAC on SPCL deliberated on each aspect of proposed National Coal Index. The representative of RBI made an observation regarding possible biases of National Coal Index towards Notified Prices as most of (about 80%) transactions in domestic coal market are taking place at notified prices. Sh. D.K. Sinha, Deputy Director General (PSD) & Member Secretary of TAC suggested Weighted Geometric Mean at Elementary Aggregate/Index level instead of Weighted Arithmetic Mean proposed by Ministry of Coal. It was informed that the TAC on SPCL made this recommendation in its 66th Meeting on similar Index of 'Coal Price Index' for power sector developed by Central Electricity Regulatory Commission (CERC), M/o Power. Prof. Nachiketa Chattopadhyay, ISI Kolkata made clarifications on both issues raised by the Members of TAC. Sh. Sunil Prakash, DDG, M/o Labour & Employment, made an observation regarding regular and time bound flow of price/unit value data for monthly compilation of National Coal Index. Sh. Anupam Lahiri, DDG, M/o Coal informed the Committee that sufficient time cushion has been kept and adequate arrangements of regular flow of price/unit value data for monthly compilation of National Coal Index have been made.

Consumer Price Index for Industrial Workers:

5. Sh. Himmat Singh Raghav, Director, Labour Bureau made a presentation before the Committee about the results of additional exercises carried out by Labour Bureau in compliance of recommendations of 66th Meeting of TAC on SPCL. The Labour Bureau has carried out following additional exercises recommended by TAC for further improvement in proposed Base Revision of CPI-IW;
- a) Use of Geometric Mean vis-à-vis Arithmetic Mean at elementary aggregates/indices.
 - b) Modification of items classification into different Groups and Sub-Groups as per latest COICOP classification.
 - c) Two ways (vertical & horizontal) distribution of Weights for maintenance of consistency.
 - d) Re-Checking of weights for some centres which have indicated significant relative increase at group level weights.

6. In addition to above issues, the issue of House Rent Index compilation under CPI-IW was also discussed by the Committee. The participants, in general, was of the view that a uniform practice may be followed in all Consumer Price Indices compiled by different agencies to avoid any doubt & confusion among users. The representatives of RBI and CSO also raised issue of uniformity in dissemination of CPIs at one decimal place as CPI-IW is being released at rounded figures. Labour Bureau acquiesced to release the revised series of CPI-IW indices at one decimal place.
7. After detailed deliberations, following decisions/recommendations were made by the Committee:
 - a. The TAC on SPCL has accepted the proposal of Ministry of Coal for compilation of National Coal Index on monthly basis.
 - b. The TAC on SPCL has also approved the basic revision of CPI-IW with following suggestions:
 - i) All level indices of CPI-IW revised series, which are in public domain, may be released at one decimal place.
 - ii) It is reasonable to compile House Rent Index on monthly basis instead of six monthly. However, Labour Bureau may explore its operational convince in this regard.
8. The meeting ended with a vote of thanks to the Chair.

B. Terms of Reference

1. The Standing Tripartite Committee will

- (v) To examine the various aspects of the base year revision of CPI(IW) including the sampling design, methodology for deriving the weighting diagram, index compilation and linking factor;
- (vi) Examine the method of price collection procedures and machinery of price collection;
- (vii) Examine the centre specific weighting diagrams for all the centres, selection of base year, compilation of base year prices, trial indices and
- (viii) Consider any other relevant issue(s)/matter as may be necessary.

2. Secretarial assistance to the Standing Tripartite Committee will be provided by the Labour Bureau. The committee may also enlist the assistance of subject matter experts within and/ or outside the Government and may co-opt members according to necessity.

3. The expenditure on TA/DA in respect of the official members for attending the meetings of the Committee will be borne by their respective Ministries/Departments/Organizations.

4. The expenditure on account of payment of TA/DA to the non-official members will be met out of the budget provision under the Plan Scheme "Labour and Employment Statistical System" of Labour Bureau.

5. Payment of TA/DA to non Official members will be regulated as per the provisions contained in the Office Memorandum No. 19020/1/89-E.IV dated 23rd June, 1986 of the Department of Expenditure, Ministry of Finance, as amended from time to time.

Minutes of the third meeting of the Standing Tripartite Committee (STC) on Base Revision of Consumer Price Index for Industrial Workers (CPI-IW) held on 27th February, 2020.

Third meeting of the Standing Tripartite Committee (STC) on base updation of Consumer Price Index for Industrial Workers (CPI-IW) was held under the chairmanship of Sh. B.N. Nanda, Principal Labour & Employment Advisor, Ministry of Labour & Employment, on 27th February 2020, at 11:00 AM, Committee Room, Labour Bureau Shimla. The list of participants is annexed at Annexure-1.

The agenda of the meeting was to discuss and consider the further approval of trial indices and its methodology.

At the outset, the Chairman welcomed the members and the participants and briefly discussed the historical background of CPI-IW. It was informed that originally, the CPI was compiled for 23 centres of the country with base 1944=100 and subsequently, the base was shifted to 1949=100. It was also mentioned that Labour Bureau started compiling CPI-IW on most scientific lines based on the Family Living Survey conducted during 1958-59 at 50 important Industrial Centres under the guidance of Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL) with base 1960=100. In the year 2006, the base was revised from 1982=100 to 2001=100.

Further, in view of the importance of CPI-IW and its huge financial implication the need for base updation of index was stressed and Chairman informed that accordingly the Labour Bureau had initiated the process of base revision of CPI-IW. In this regard, to ensure active participation of stakeholders at each crucial stage of base revision exercise, the Standing Tripartite Committee (STC) had been constituted by the Ministry of Labour and Employment (MoLE). The issues pertaining to centre selection, the coverage of sectors and sample size under new series were finalized during the previous meetings of the STC held on 2nd July, 2013 and 24th February, 2014. The Chairman apprised the committee that the TAC on SPCL had also approved the methodology and trial indices of labour bureau during its 67th meeting held on 28th January, 2020.

Thereafter, Sh. H.S. Raghav, Director, Labour Bureau, made a detailed presentation on the agenda items. To begin with, the background of CPI-IW, methodological issues already approved by technical bodies and consultations held with Standing Tripartite Committee (STC) were presented and discussed threadbare. It was informed that the TAC on SPCL had approved the 2016=100 as the base year of CPI-IW.

Further, it was informed that industrial workers from seven selected sectors (Railways, Mines, Plantations, Factories, Public Motor Transport, Electricity Generating and Distributing Establishments and Port & Docks) have been covered under base revision of CPI-IW which constitutes around 60% of the industrial workers population in 28 States/ UTs of the country. It was also mentioned that the coverage of the new series has been extended to 88 centres with 317 markets vis-a-vis with 78 centres and 289 markets under the old series. Sh. S.B. Singh, Deputy Director General (Employment), MoLE, enquired about the change in sectors selected under new series vis-a-vis with old series. In reply, it was apprised that the same existing seven sectors have been covered under new series and there was a recommendation to include two additional sectors namely, Handloom and Construction however, later it was decided to cover these two sectors on

pilot-basis and it will not be part of the All-India series of CPI-IW. It was reiterated that the expertise gained during the pilot exercise will facilitate decision making for inclusion of these sectors in the future base revision exercise.

Sh. Pawan Kumar, Zonal Secretary, Bhartiya Mazdoor Sangh, desired to know whether the workers covered under CPI-IW were from organized or unorganized sectors. In response it was informed that the organized manual workers from these seven selected sectors have been covered under base revision of CPI-IW.

Thereafter, the state-wise numbers of centres were presented in terms of common and uncommon centres under old and new series. Sh. S.B. Singh, Deputy Director General (Employment), MoLE, desired to know the centres covered from the state Assam and Criterion adopted for centre selection under base updation of CPI-IW. In reply, it was informed that six centres (Guwahati, Sibsagar, Numaligarh-Golaghat, Labac-Silchar, Doom-Dooma Tinsukia and Biswanath Chariali) have been selected based the criterion of proportion of employment of industrial workers in seven sectors of the state.

Sh. Pawan Kumar, Zonal Secretary, Bhartiya Mazdoor Sangh, enquired about the centres from the state of Uttar Pradesh and reason for non inclusion of cities like Noida and Gorakhpur. It was mentioned that five existing series centres namely, Kanpur, Lucknow, Varanasi, Agra, and Ghaziabad/ Gautam Buddha Nagar, have been selected as per their industrial workers population. Similarly, Sh. Subash Sharma, Sr. Secretary, Indian National Trade Union Congress (INTUC) desired to know about the centres selected from the state of Punjab and it was informed that the 4 centres namely, Amritsar, Sangrur, Ludhiana and Jalandhar have been selected under new series of CPI-IW.

Further, the Committee was apprised about the key recommendations made by the TAC on SPCL during its 64th, and 65th meetings especially, regarding the use of geometric means of the price relatives (Jevons formula) instead of arithmetic mean and re-casting of Weighting Diagrams using COICOP classification of items into different groups and sub-groups, along with the action taken by Labour Bureau. It was also informed that TAC on SPCL has duly approved the trial indices and its methodology during its 67th meeting held on 28th January, 2020, New Delhi.

The committee was informed that the Labour Bureau has compiled the trial indices for all 88 centres by using Geometric means (GM) of price relatives (Jevons formula). In this context, Sh. S.B. Singh, Deputy Director General (Employment), MoLE, desired to know the impact of shift from arithmetic means to geometric means of price relatives and in response it was informed that impact of change in methodology has been balanced and GM approach has been least influenced by the extreme values and had been used at international level for compilation of index. It was also mentioned that Jevons formula satisfies the statistical tests like time-reversal test and hence, may facilitate the compilation of back period series.

Then the committee was informed that as per the recommendations made by TAC on SPCL during 64th meeting, the Weighting Diagrams of 88 centres have been re-casted following the COICOP classification of items into different Groups and Sub-Groups in line with CSO's classification. The revised six consumption group are (a) Food and Beverages; (b) Pan, Supari, Tobacco & Intoxicants; (c) Clothing and Footwear; (d) Housing; (e) Fuel and Light; and (f)

Miscellaneous. The sub-grouping of the items under revised food group and miscellaneous group was discussed in detail. While discussing, All-India group level weights under new series in comparison to group weights under old series (CPI-IW: 2001=100 & 1982=100) and CPI (U) by CSO, the committee observed a general pattern of declining share of food group and increasing share of the miscellaneous group.

Thereafter, the trend of top 5 centres (namely, Mumbai, Vishakhapatnam, Chennai, Pune and Bengaluru), based on share of centre weights in All-India CPI-IW, was presented and discussed vis-a-vis with these centres under Old series 2001=100. The chairman and members observed a similar trend of trial indices of new and old series indices for the period Jan-Dec, 2017. Afterwards, the range analysis of group-wise weights of the 88 centers for six consumption groups was presented and discussed. The committee was informed that in case of food group maximum centres were in range of 35-45 percentages and in case of miscellaneous group the maximum centres were in the range of 20-35 percentages. While discussing the Clothing & Footwear group weights, Sh. S.B. Singh, Deputy Director General (Employment), MoLE, desired to know the treatment of specification changes in clothing items and in response it was informed that procedure of linking price have been used to ensure continuity of items and moreover, the efforts have made to minimise the readymade clothing items while finalizing the consumption basket. The committee expressed the satisfaction over centre-wise weights derived from Working Class Income & Expenditure Survey (WCI&ES).

Towards the end of meeting, Smt. Mantri Kalavathy, the representative from Women's Organisation expressed the satisfaction on methodology for the compilation of trial indices and appreciated the progress of base updation work being undertaken by Labour Bureau.

All the members expressed their agreement and the committee approved trial indices compiled by Labour Bureau and its methodology.

The meeting ended with the vote of thanks to the Chair.

B. Terms of Reference

1. The Standing Tripartite Committee will

- (v) To examine the various aspects of the base year revision of CPI(IW) including the sampling design, methodology for deriving the weighting diagram, index compilation and linking factor;
- (vi) Examine the method of price collection procedures and machinery of price collection;
- (vii) Examine the centre specific weighting diagrams for all the centres, selection of base year, compilation of base year prices, trial indices and
- (viii) Consider any other relevant issue(s)/matter as may be necessary.

2. Secretarial assistance to the Standing Tripartite Committee will be provided by the Labour Bureau. The committee may also enlist the assistance of subject matter experts within and/ or outside the Government and may co-opt members according to necessity.

3. The expenditure on TA/DA in respect of the official members for attending the meetings of the Committee will be borne by their respective Ministries/Departments/Organizations.

4. The expenditure on account of payment of TA/DA to the non-official members will be met out of the budget provision under the Plan Scheme "Labour and Employment Statistical System" of Labour Bureau.

5. Payment of TA/DA to non Official members will be regulated as per the provisions contained in the Office Memorandum No. 19020/1/89-E.IV dated 23rd June, 1986 of the Department of Expenditure, Ministry of Finance, as amended from time to time.

Minutes of the third meeting of the Standing Tripartite Committee (STC) on Base Revision of Consumer Price Index for Industrial Workers (CPI-IW) held on 27th February, 2020.

Third meeting of the Standing Tripartite Committee (STC) on base updation of Consumer Price Index for Industrial Workers (CPI-IW) was held under the chairmanship of Sh. B.N. Nanda, Principal Labour & Employment Advisor, Ministry of Labour & Employment, on 27th February 2020, at 11:00 AM, Committee Room, Labour Bureau Shimla. The list of participants is annexed at Annexure-I.

The agenda of the meeting was to discuss and consider the further approval of trial indices and its methodology.

At the outset, the Chairman welcomed the members and the participants and briefly discussed the historical background of CPI-IW. It was informed that originally, the CPI was compiled for 23 centres of the country with base 1944=100 and subsequently, the base was shifted to 1949=100. It was also mentioned that Labour Bureau started compiling CPI-IW on most scientific lines based on the Family Living Survey conducted during 1958-59 at 50 important Industrial Centres under the guidance of Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL) with base 1960=100. In the year 2006, the base was revised from 1982=100 to 2001=100.

Further, in view of the importance of CPI-IW and its huge financial implication the need for base updation of index was stressed and Chairman informed that accordingly the Labour Bureau had initiated the process of base revision of CPI-IW. In this regard, to ensure active participation of stakeholders at each crucial stage of base revision exercise, the Standing Tripartite Committee (STC) had been constituted by the Ministry of Labour and Employment (MoLE). The issues pertaining to centre selection, the coverage of sectors and sample size under new series were finalized during the previous meetings of the STC held on 2nd July, 2013 and 24th February, 2014. The Chairman apprised the committee that the TAC on SPCL had also approved the methodology and trial indices of labour bureau during its 67th meeting held on 28th January, 2020.

Thereafter, Sh. H.S. Raghav, Director, Labour Bureau, made a detailed presentation on the agenda items. To begin with, the background of CPI-IW, methodological issues already approved by technical bodies and consultations held with Standing Tripartite Committee (STC) were presented and discussed threadbare. It was informed that the TAC on SPCL had approved the 2016=100 as the base year of CPI-IW.

Further, it was informed that industrial workers from seven selected sectors (Railways, Mines, Plantations, Factories, Public Motor Transport, Electricity Generating and Distributing Establishments and Port & Docks) have been covered under base revision of CPI-IW which constitutes around 60% of the industrial workers population in 28 States/ UTs of the country. It was also mentioned that the coverage of the new series has been extended to 88 centres with 317 markets vis-a-vis with 78 centres and 289 markets under the old series. Sh. S.B. Singh, Deputy Director General (Employment), MoLE, enquired about the change in sectors selected under new series vis-a-vis with old series. In reply, it was apprised that the same existing seven sectors have been covered under new series and there was a recommendation to include two additional sectors namely, Handloom and Construction however, later it was decided to cover these two sectors on

pilot-basis and it will not be part of the All-India series of CPI-IW. It was reiterated that the expertise gained during the pilot exercise will facilitate decision making for inclusion of these sectors in the future base revision exercise.

Sh. Pawan Kumar, Zonal Secretary, Bhartiya Mazdoor Sangh, desired to know whether the workers covered under CPI-IW were from organized or unorganized sectors. In response it was informed that the organized manual workers from these seven selected sectors have been covered under base revision of CPI-IW.

Thereafter, the state-wise numbers of centres were presented in terms of common and uncommon centres under old and new series. Sh. S.B. Singh, Deputy Director General (Employment), MoLE, desired to know the centres covered from the state Assam and Criterion adopted for centre selection under base upgradation of CPI-IW. In reply, it was informed that six centres (Guwahati, Sibsagar, Numaligarh-Golaghat, Labac-Silchar, Doom-Dooma Tinsukia and Biswanath Chariali) have been selected based on the criterion of proportion of employment of industrial workers in seven sectors of the state.

Sh. Pawan Kumar, Zonal Secretary, Bhartiya Mazdoor Sangh, enquired about the centres from the state of Uttar Pradesh and reason for non inclusion of cities like Noida and Gorakhpur. It was mentioned that five existing series centres namely, Kanpur, Lucknow, Varanasi, Agra, and Ghaziabad/ Gautam Buddha Nagar, have been selected as per their industrial workers population. Similarly, Sh. Subash Sharma, Sr. Secretary, Indian National Trade Union Congress (INTUC) desired to know about the centres selected from the state of Punjab and it was informed that the 4 centres namely, Amritsar, Sangrur, Ludhiana and Jalandhar have been selected under new series of CPI-IW.

Further, the Committee was apprised about the key recommendations made by the TAC on SPCL during its 64th, and 65th meetings especially, regarding the use of geometric means of the price relatives (Jevons formula) instead of arithmetic mean and re-casting of Weighting Diagrams using COICOP classification of items into different groups and sub-groups, along with the action taken by Labour Bureau. It was also informed that TAC on SPCL has duly approved the trial indices and its methodology during its 67th meeting held on 28th January, 2020, New Delhi.

The committee was informed that the Labour Bureau has compiled the trial indices for all 88 centres by using Geometric means (GM) of price relatives (Jevons formula). In this context, Sh. S.B. Singh, Deputy Director General (Employment), MoLE, desired to know the impact of shift from arithmetic means to geometric means of price relatives and in response it was informed that impact of change in methodology has been balanced and GM approach has been least influenced by the extreme values and had been used at international level for compilation of index. It was also mentioned that Jevons formula satisfies the statistical tests like time-reversal test and hence, may facilitate the compilation of back period series.

Then the committee was informed that as per the recommendations made by TAC on SPCL during 64th meeting, the Weighting Diagrams of 88 centres have been re-casted following the COICOP classification of items into different Groups and Sub-Groups in line with CSO's classification. The revised six consumption group are (a) Food and Beverages; (b) Pan, Supari, Tobacco & Intoxicants; (c) Clothing and Footwear; (d) Housing; (e) Fuel and Light; and (f)

Miscellaneous. The sub-grouping of the items under revised food group and miscellaneous group was discussed in detail. While discussing, All-India group level weights under new series in comparison to group weights under old series (CPI-IW: 2001=100 & 1982=100) and CPI (U) by CSO, the committee observed a general pattern of declining share of food group and increasing share of the miscellaneous group.

Thereafter, the trend of top 5 centres (namely, Mumbai, Vishakhapatnam, Chennai, Pune and Bengaluru), based on share of centre weights in All-India CPI-IW, was presented and discussed vis-a-vis with these centres under Old series 2001=100. The chairman and members observed a similar trend of trial indices of new and old series indices for the period Jan-Dec, 2017. Afterwards, the range analysis of group-wise weights of the 88 centers for six consumption groups was presented and discussed. The committee was informed that in case of food group maximum centres were in range of 35-45 percentages and in case of miscellaneous group the maximum centres were in the range of 20-35 percentages. While discussing the Clothing & Footwear group weights, Sh. S.B. Singh, Deputy Director General (Employment), MoLE, desired to know the treatment of specification changes in clothing items and in response it was informed that procedure of linking price have been used to ensure continuity of items and moreover, the efforts have made to minimise the readymade clothing items while finalizing the consumption basket. The committee expressed the satisfaction over centre-wise weights derived from Working Class Income & Expenditure Survey (WCI&ES).

Towards the end of meeting, Smt. Mantri Kalavathy, the representative from Women's Organisation expressed the satisfaction on methodology for the compilation of trial indices and appreciated the progress of base updation work being undertaken by Labour Bureau.

All the members expressed their agreement and the committee approved trial indices compiled by Labour Bureau and its methodology.

The meeting ended with the vote of thanks to the Chair.

No.109/2/2014-FLS (STC)
Government of India
Ministry of Labour and Employment
Labour Bureau

S.C.O.28-32, Sector 17/

Chandigarh-16001

Dated: 07/02/202

To

Dr. B.N.Nanda,
Principal Labour and Employment Adviser,
Ministry of Labour and Employment
Shram Shakti Bhawan, Rafi Marg,
New Delhi-110001

Subject: Request to PLEA for Conveying suitable Date and Venue to Convene meeting of STC Members to discuss different issues relating to Base Updation CPI-IW-reg.

Sir,

I would like to draw your kind attention towards the 67th Meeting of Technical Advisory Committee (TAC) on Statistics of Prices and Cost of Living (SPCL) Meeting held on 28th January, 2020 in the Conference Hall of Sardar Patel Bhawan, New Delhi in which TAC has approved the methodology and indices generated by Labour Bureau under Base Updation of CPI-IW exercise with a New Base: 2016=100. A copy of the minutes of said meeting is enclosed herewith for your ready reference.

The next step in the process is to take these indices before the Standing Tripartite Committee (STC) to discuss different issues relating to these indices generated by Labour Bureau and their impact on different stakeholders. A copy of the constitution/Members of STC is also enclosed herewith.

In view of the above, being the Chairman of STC, you are requested to kindly convey a suitable date and venue to convene a meeting of STC so that the new generated indices of Labour Bureau can be taken at National Level after the detailed deliberations and approval from STC to replace the existing series of CPI-IW (Base 2001=100) with the New Series of CPI-IW with a Base: 2016=100.

Encl: As stated above please

Yours sincere

(Bharat Bhushan)

F.No. M-11011/1/2011-PCL/NAD
Government of India
Ministry of Statistics and PI
Central Statistics Office
(Price Statistics Division)

Subject: Minutes of the 67th Meeting of Technical Advisory Committee on Statistics of Prices and Cost of Living (TAC on SPCL)

The 67th Meeting of TAC on SPCL was held under the Chairmanship of Director General (ES), CSO, MoSPI on 28th January, 2020 at 11:00 hrs in the Conference Hall, Ground Floor, Sardar Patel Bhavan, New Delhi-110001. The list of participants is given at the Annexure-I.

2. At the outset, DG (ES), CSO welcomed all the participants and briefed the objective of the meeting. He informed that the basic objectives of this meeting are: (i) to discuss the technical & methodological aspects of newly developed National Coal Index by Ministry of Coal and (ii) to review the progress made by Labour Bureau on recommendations of 66th meeting of TAC on SPCL regarding Base Year revision of CPI W.

National Coal Index:

3. Chairman requested one of the representatives of Ministry of Coal to make a brief presentation before the Committee about newly developed National Coal Index. On behalf of Ministry of Coal, Prof. Debasis Sengupta, ISI Kolkata and Prof. Nandaketa Chattopadhyay, ISI Kolkata made a detailed presentation and explained the following technical & methodological aspects of the National Coal Index:

- Background of National Coal Index
- Purpose and Scope of the Index
- Recommendations of the High Powered Committee
- Structure of Coal Market in India
- Source of volume/value data for derivation of Weights
- Availability of Price/Unit Value data for monthly compilation of Index.
- Index compilation method/formula
- Comparison of trial National Coal index with other similar Indices.

- i. Dissemination plan of National Coal Index
 - j. Future course of actions
4. The TAC on SPCL deliberated on each aspect of proposed National Coal Index. The representative of RBI made an observation regarding possible biases of National Coal Index towards Notified Prices as most of (about 80%) transactions in domestic coal market are taking place at notified prices. Sh. D.K. Sinha, Deputy Director General (PSD) & Member Secretary of TAC suggested Weighted Geometric Mean at Elementary Aggregate/Index level instead of Weighted Arithmetic Mean proposed by Ministry of Coal. It was informed that the TAC on SPCL made this recommendation in its 66th Meeting on similar Index of 'Coal Price Index' for power sector developed by Central Electricity Regulatory Commission (CERC), M/o Power. Prof. Nachiketa Chattopadhyay, ISI Kolkata made clarifications on both issues raised by the Members of TAC. Sh. Sunil Prakash, DDG, M/o Labour & Employment, made an observation regarding regular and time bound flow of price/unit value data for monthly compilation of National Coal Index. Sh. Anupam Lahiri, DDG, M/o Coal informed the Committee that sufficient time cushion has been kept and adequate arrangements of regular flow of price/unit value data for monthly compilation of National Coal Index have been made.

Consumer Price Index for Industrial Workers:

5. Sh. Himmat Singh Raghav, Director, Labour Bureau made a presentation before the Committee about the results of additional exercises carried out by Labour Bureau in compliance of recommendations of 66th Meeting of TAC on SPCL. The Labour Bureau has carried out following additional exercises recommended by TAC for further improvement in proposed Base Revision of CPI-IW;
- a) Use of Geometric Mean vis-à-vis Arithmetic Mean at elementary aggregates/indices.
 - b) Modification of items classification into different Groups and Sub-Groups as per latest COICOP classification.
 - c) Two ways (vertical & horizontal) distribution of Weights for maintenance of consistency.
 - d) Re-Checking of weights for some centres which have indicated significant relative increase at group level weights.

6. In addition to above issues, the issue of House Rent Index compilation under CPI-IW was also discussed by the Committee. The participants, in general, was of the view that a uniform practice may be followed in all Consumer Price Indices compiled by different agencies to avoid any doubt & confusion among users. The representatives of RBI and CSO also raised issue of uniformity in dissemination of CPIs at one decimal place as CPI-IW is being released at rounded figures. Labour Bureau acquiesced to release the revised series of CPI-IW indices at one decimal place.
7. After detailed deliberations, following decisions/recommendations were made by the Committee:
 - a. The TAC on SPCL has accepted the proposal of Ministry of Coal for compilation of National Coal Index on monthly basis.
 - b. The TAC on SPCL has also approved the base revision of CPI-IW with following suggestions:
 - i) All level indices of CPI-IW revised series, which are in public domain, may be released at one decimal place.
 - ii) It is reasonable to compile House Rent Index on monthly basis instead of six monthly. However, Labour Bureau may explore its operational convenience in this regard.

The meeting ended with a vote of thanks to the Chair.

Annexure-I

List of participants who attended the 67th meeting of TAC on SPCL held on 28th January, 2020 at 11:00 hrs in the Conference Hall, Ground Floor, Sardar Patel Bhawan, New Delhi-110001.

**Subject: Standing Tripartite Committee Pertaining to Consumer Price Index
Number for Industrial Workers, New Series-Nomination-reg.**

Sir,

A reference is invited to Ministry's email dated 22/09/2017 w.r.t this Office's Letter No. 109/2/2014-FLS-STC dated 04/08/2017 on the subject stated above. In this context, it is stated that the agenda papers will be sent to the Ministry at the time of convening a meeting of STC. However, before convening such a meeting, the names of the members of the Standing Tripartite Committee may be incorporated as per the Draft Order sent to the Ministry vide this Office's Letter No. 109/2/2014-FLS-STC dated 23/06/2016 so that the same can be communicated to concerned Agencies/Organizations before convening the first meeting of newly constituted STC.

Yours faithfully,

(Daljeet Singh)

Subject : Standing Tripartite Committee pertaining to Consumer Price Index Numbers for Industrial Workers (New Series)- Nomination – reg.

Sir,

I am directed to refer to Labour Bureau's Letter No. 109/2/2014-FLS-STC dated 4th October, 2017 on the subject mentioned above and to state that Ministry vide its Order of even no dated 23rd December 2015 has already constituted the Standing Tripartite Committee pertaining to CPI(IW) new Series. In view of this, it may please be clarified as to why Labour Bureau is finding the need to reconstitute the same as conveyed to this Ministry vide Labour Bureau's letter dated 23.6.2016, so imperative.

2. It is also requested that Labour Bureau may provide the reasons, if any, for such reconstitution of the committee.

Yours faithfully,

Subject: Standing Tripartite Committee (STC) Pertaining to Consumer Price Index Number for Industrial Workers, New Series-Nomination-reg.

Sir,

A kind reference is invited to Ministry's Letter No. Y-12011/5/2010-ESA(LB) dated 16/01/2018 on the subject mentioned above. In this context, it is to say that Labour Bureau has never asked for reconstitution of STC, instead, it has requested the Ministry to incorporate the names of the members of the Standing Tripartite Committee constituted by Ministry vide its Order No.Y-12011/5/2010-ESA(LB) dated 23/12/2015. Even on earlier occasion an Order of similar nature was sent by Ministry vide its Letter No. Y-12011/5/2010-ESA (LB) dated 25/04/2011 incorporating the names of the members of the Standard Tripartite Committee (copy enclosed). Labour Bureau desires that Ministry may kindly incorporate the names of the members received as nominees from various Agencies, Organizations, Trade Unions etc in the Draft Order already sent to Ministry vide this Office's Letter No.109/2/2014-FLS-STC dated 23/06/2016 and subsequent reminders of even No. dated 24/11/2016 and 04/08/2017 respectively so that the same can be communicated to concerned Agencies/ Organizations. By issuing an order of nominated members it is expected that the same member(s) attend subsequent meetings of STC and contribute towards various issues related to the base updation exercise during consultation process.

Subject : Standing Tripartite Committee pertaining to Consumer Price Index Numbers for Industrial Workers (New Series)- Nomination - reg.

Sir,

I am directed to refer to Labour Bureau's Letter No. 109/2/2014-FLS-STC dated 7.3.2018 on the subject mentioned above and to state that Ministry vide its Order of even no dated 23rd December 2015 has already constituted the Standing Tripartite Committee pertaining to CPI(IW) new Series specifying the names of some of the nominated members and designation of the concerned officials. In view of this, there seems to be no need for further nomination of members by name. The nominations from Organizations may be by incumbents holding posts of Secretary General/ President instead of name, so as to allow validity of the order even if the individuals change in the organization.

Yours faithfully,

Ministry of Labour and Employment
Shram Shakti Bhawan, Rafi Marg,
New Delhi-110001

Subject: Request to PLEA for Conveying suitable Date and Venue to Convene a meeting of STC Members to discuss different issues relating to Base Updation CPI-IW-reg.

Sir,

I would like to draw your *kind* attention towards the 67th Meeting of Technical Advisory Committee (TAC) on Statistics of Prices and Cost of Living (SPCL) Meeting held on 28th January, 2020 in the Conference Hall of Sardar Patel Bhawan, New Delhi in which TAC has approved the methodology and indices generated by Labour Bureau under Base Updation of CPI-IW exercise with a New Base: 2016=100. A copy of the minutes of said meeting is enclosed herewith for your ready reference.

The next step in the process is to take these indices before the Standing Tripartite Committee (STC) to discuss different issues relating to these indices generated by Labour Bureau and their impact on different stake holders. A copy of the constitution/Members of STC is also enclosed herewith.

In view of the above, being the Chairman of STC, you are requested to kindly convey a suitable date and venue to convene a meeting of STC so that the newly generated indices of Labour Bureau can be taken at National Level after the detailed deliberations and approval from STC to replace the existing series of CPI-IW (Base: 2001=100) with the New Series of CPI-IW with a Base: 2016=100.

Encl: As stated above please

Yours sincerely,

(Bharat Bhushan)
Dy. Director General
